Appropriate measures will be taken within the context of Title VI, Title IX, and Section 504 of the Rehabilitation Act of 1973 guidelines and regulations to insure such compliance.

#### **FERPA**

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age (“eligible students”) certain rights with respect to the student’s education records. These rights are:

1. The right to inspect and review the student’s education records within 45 days of the day the school receives a request for access. RCSU will assume that either

parent has the right to inspect, review, and release the student's records unless evidence is provided demonstrating there is a legally binding instrument or court order providing the basis for specifically excluding a parent from such access.

2. The right to request the amendment of the student's education records the parent or eligible student believes is inaccurate or misleading.
3. The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent. One exception permitting disclosure without consent is disclosure to school officials with legitimate educational interests. A school official is a person employed by the school as an administrator, supervisor, instructor or support staff member (including health or medical staff); a person serving on the School Board; a person or company with whom the school has contracted to perform a special task (such as an attorney, auditor, medical consultant or therapist) or a parent or student serving on an official committee, such as a disciplinary committee, or assisting another school official in performing his or her tasks. Upon request, the school discloses education records without consent to officials of another school district in which a student seeks or intends to enroll. The school will also release student records without prior consent or authorization under certain other exceptions including: government officials and authorities as requires by law, in health and safety emergencies, in connection with the application and receipt of financial aid; if required by state law, to accrediting organization carrying out their official functions and to comply with a judicial order or lawfully issued subpoena after having made a reasonable effort to notify the parent or eligible student of the order or subpoena. Student information is provide to the State of Vermont concerning certain incidences of discipline and student behavior including: bullying, harassment, physical restraint, suspension and long-term suspension.
4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the school to comply with the requirements of FERPA. The name and address of the office administrating FERPA is Family Policy Compliance Office; U.S. Department of education; 400 Maryland Avenue, SW; Washington, DC 20202-4605.
5. The district had determined that student directory information is not harmful or an invasion of privacy, and therefore will release this information without first obtaining parental consent of prior authorization. The purpose of releasing such information is to enable the district to publish newsletter, year books, directories and similar publications, and to release information to media outlets concerning student academic and athletic achievements. If a parent, guardian, person acting, as a student's parent/guardian, or the student (if 18 or older), does not want the district to release the directory information listed below, they must notify the district in writing within 10 days of receiving this document that they do not want directory information released. If no written request is received in a timely manner, the school will disclose directory information without prior consent.

The following directory information may be released, as stated above, without obtaining parental consent: student's name, parent's name, address, telephone number, email address, date and place of birth, grade level, field of study, enrollment status (e.g., full-time or part-time), participation in officially recognized activities and sports including audiovisual or photographic records of the openly visible activities thereof (e.g. artistic performances, sporting contests, assemblies, service projects, awards ceremonies, etc.), weight and height of members of athletic teams, dates of attendance, degrees, honors and awards received, most recent previous school attended and photograph (including videotape), photographs of regular school activities that do not disclose specific academic information about the student and/or would not be considered harmful or an invasion of privacy.

Lists of student names and other directory information will not be made available except to school-related organizations, including Stafford Technical Center and the PTC, at the discretion of the administration. Lists of such directory information are also provided to military recruiters and institutions of higher education.

### **Notification of Rights Under the Protection of Pupil Rights Amendment (PPRA)**

The Protection of Pupil Rights Amendment (PPRA) 20 U.S.C. § 1232h, requires the West Rutland School District to notify parents/guardians and obtain consent or allow them to opt their child out of participating in certain school activities. These activities include a student survey, analysis, or evaluation that concerns one of more of the following eight areas ("protected information surveys"):

1. Political affiliations or beliefs of the student or student's family;
2. Mental or psychological problems of the student or student's family;
3. Sex behavior or attitudes;
4. Illegal, anti-social, self-incriminating, or demeaning behavior;
5. Critical appraisals of others with whom respondents have close family relationships;
6. Legally recognized privileged relationships such as, with lawyers, doctors, or ministers;
7. Religious practices, affiliations, or beliefs of the student or parents; or
8. Income, other than a required by law to determine program eligibility.

This requirement also applies to the collection, disclosure or use of student information for marketing purposes and certain physical exams and screenings.

Parents who wish their students' directory information, such as names, addresses, telephone numbers, etc. to be given out for the purpose of marketing

information should notify the school in writing at the beginning of the school year. It is of note that it is not the usual practice of WRSD to release student directory information for the purpose of marketing activities.

If you wish to review any survey instrument or material used in connection with any protected information, please submit a written request to the administration and you will be notified of the time and place where you may review these materials. You have the right to review a survey and/or instructional materials before the survey is administered to a student.

## Learner-Centered Model

In response to current best practices and new state expectations regarding personalized learning, flexible pathways and proficiency-based graduation requirements, Rutland Central schools are transitioning to a Learner-Centered model of education designed to teach students to be self-directed learners.

**In a Learner-Centered model:**  
Students learn how to learn.

- There is less direct instruction and more self-directed learning. The teacher's role becomes less 'sage on the stage' and more 'guide on the side,' regularly checking in on learning and providing feedback so that students can make whatever adjustments they need to get from where they are to where they're going in their learning. Instead of teaching how to do something, a teacher will teach a student how to learn on their own through other resources.
- Students track their own progress and are aware of where they are in their learning, where they're going, and how to get there.

- **Much of learning is project/performance based. Students learn new skills and understandings in authentic contexts, such as creating a short film to share with the town select board to advocate for local adoption of sustainable forms of energy.**

**Students choose when, where, and how to learn.**

- **Students regularly reflect, learn about themselves as learners, and apply that knowledge by making choices around:**
  - **When to learn—students work at their own pace, focusing on identified areas of need. This doesn't mean always working on their own; collaboration and communication are key transferable skills that we teach and assess and expect students to practice.**
  - **Where to learn—students may work in a conventional classroom setting in addition to working outside of the classroom through extended learning opportunities and internships.**
  - **How to learn and demonstrate their learning—students have access to resources that best suit their learning styles, learning needs, and interests. Students make decisions around the types of evidence they will provide to demonstrate their learning.**

**This vision will take several years to implement. In order to enable students to take ownership of their learning by providing more accurate feedback to them around how they are progressing, next year our school will adopt a proficiency-based reporting model similar to our current elementary school model. Because a proficiency-based system provides more accurate feedback around student progress, students, teachers, and families will be able to work together to set meaningful goals for improvement and provide appropriate support for learning.**

### **Animal Dissection (Grades 7-12)**

**In compliance with 16 VSA, section 912 “Pupil Right to Refusal: Animal Dissection Law.” Any student has the right to be excused from participating in any lesson, exercise, or assessment requiring the student to dissect, vivisection, or otherwise harm or destroy an animal or any part of an animal, or to observe any of these activities, as part of a course or instruction. Any student and parent/guardian may exercise this right by making a written request to the principal. No student shall be discriminated against based on their decision to exercise the right to be excused afforded by the policy.**

### **Restraint & Seclusion in Schools**

**If restraint or seclusion is used in school the school is required to inform parents. For a complete list of definitions, usage, and regulations please visit:**

<http://education.vermont.gov/documents/4500.pdf> or ask for a copy from the main office.

### **English Language Learners (ELL)**

West Rutland School is committed to ensuring all educational programs meet the diverse needs of all students. Students who are English Language Learners (ELL) in grades K-12 are provided with a comprehensive ELL Program staffed by highly qualified ELL teachers. These teachers focus on meeting the needs of all students in the program in two areas: becoming proficient in the English language and adjusting to the school and community culture.

### **Residency**

Under Vermont law, the school a child attends is determined by where parents or a court-appointed guardian reside. Verification of residency is required for enrollment. Misrepresentation of residency is a violation of state law. Notification is required if residency changes during the school year. All state non-resident families who wish to attend WRS are required to pay tuition.

### **Homelessness**

Parents and students within RCSU member districts should inform the RCSU Homeless Education Liaison (Student Service Director) at 802-775-4342 if their living situation becomes one defined as homeless. Homeless is defined as lacking a fixed, regular and adequate nighttime residence.

### **Mandatory Reporting**

We are committed to the safety and welfare of each student under our care. Under State law (Act 60) and RCSU policy, school personnel are mandatory reporters and are required to report suspected abuse or neglect to the Department of Children and Families (DCF) within 24 hours. Child Protection Teams meet routinely to review the safety and well-being of students.

### **TITLE 1 Programs**

Title 1 funds assist us in providing supportive high quality education in the key areas of reading and/or mathematics. Annual allocation of Title 1 funds is based on a school's annual Free and Reduced Lunch data.

### **Problem Solving/ Chain of Command**

We are committed to providing the highest level of support for your child. However, there are times when problems arise. Every effort will be made to solve the problem quickly so your child can go forward as a learner. These are the steps to follow in our process.

1. Talk to the teacher.
2. Talk with a counselor and the teacher together. (Family-School Coordinator for social/emotional concerns. Academic counselor for academic concerns.)
3. If the problem is still unresolved, schedule a meeting with an administrator and the teacher.
4. IF the administration cannot resolve the problem to your satisfaction, you will be referred to the superintendent.
5. The superintendent will bring necessary matters to the attention of the School Board. The School Board develops policies and oversees the operation of the facility and the budget. Student problems are handled by the staff at our school.

### **Closed Campus**

West Rutland School is a closed campus. No student may leave the building without following the dismissal procedure. There are no exceptions to the rule.

### **Lost and Found**

Return any property which you might find to the office. Lost and found can be open from 8:00 am until 3:00 pm; it is found at the bottom of the stairwell at the entry to the library.

### **Lockers**

Students in grades 9-12 will be assigned locker numbers by homeroom teachers. A limited number of locks are available in the main office for \$5.00. At the end of the school year, if the lock is returned in good working order \$2.00 will be returned. Lockers are the property of the school, loaned to the students and may be randomly searched at any time. West Rutland School is not responsible for any losses from lockers or items left on top of the lockers.

### **Recess**

Students in grades K-4 have a supervised recess each day. Students will participate in recess, weather permitting, and should come prepared with appropriate outdoor wear. It is recommended all outdoor wear have appropriate identification. In the winter, boots are required for outside recess. Shoes should still be used indoors during the winter months; students may leave a pair at school to make this more convenient.

### Early Pick Up/Dismissal Procedure

It is important each child have the benefits of a full day of learning in school. If a student needs to leave the building before the end of the school day they must go to the office and be dismissed to their parent/ guardian by the office staff. We ask visitors to wait in the office until the child meets you. Please do not get out of the classroom as this disrupts learning. Written parental/guardian permission is required for all dismissals. Parents/guardians of students in grades PK-8 must come in to the building and sign their student out in the main office. **Students in grades PK-8 will not be dismissed unless a parent/guardian comes into the main office to sign them out.** If a student is sick and needs to go home dismissal must go through the school nurse.

Parent visitors are welcome and are often invited for classroom activities. Please report directly to the main office to sign in and receive a Visitor's Pass.

We welcome volunteers in many capacities and appreciate your help. You may also join us for school wide assemblies. Please notify the cafeteria staff if you would like to join your child for lunch. If you would like to volunteer please be sure to complete the necessary background check information. Our main office staff had the form or it is located at the Rutland Central Supervisory Union Central Office.

### **Phone Calls to Teachers/Staff and Students**

Our goal is to ensure teachers can facilitate student learning without interruptions. Please contact teachers before the instructional day begins or at the end of the school day. Phone calls will not be put through to classrooms from 7:30 am until 3:00 pm. You will be directed to leave a voice mail message in the teacher's mailbox and all calls will be returned in a timely manner. In case of an emergency, our staff will make sure your child or teacher receives your message.

### **Change in Routine**

To insure the safety of your child, it is very important any change in routine is done in advance by written notice. This procedure includes changes in adult pick up. No student will be allowed to make a change in his or her routine unless a note or phone call has been received by the office.

### **Infinite Campus Messenger**

This service allows us to send a voice and/or email message to parents within minutes if an emergency occurs at school. Infinite campus messenger will also send information regarding weather delays, snow days, un-planned early dismissals, and special events. **In order to make this system work we need you to keep us up-to-date on any changes to your phone numbers or email addresses.**

### **Bell Schedule**

The bell schedule will only provide notification of the start of school, the end of the lunch period, and the end of the school day.

### **Student Attendance Policy**

By Vermont law a student is required to attend school for the full number of days school is in session.

Frequent absences of students from regular classroom learning experiences disrupt the continuity of the teaching/learning process. The regular contact between students in the classroom, and their participation in well-planned instructional activity, under the tutelage of a competent teacher are vital to the

process. The school cannot teach students who are not present. When students are absent the benefit of regular class room instruction is lost and cannot be entirely regained. Thus, schools have the consistent obligation to require their student be present in school. The responsibility for regular student attendance lies primarily with the student and the parent/guardian.

The Policy is designed to emphasize the School Board's position on absenteeism and to outline responsibility of students, parents, and the school relative to student attendance.

This school, through its administrative procedures, will outline the manner in which it will collect, record, and maintain attendance data. This will include verification of legitimate absences and follow-up procedures for excessive absences. Also, these procedures will indicate the manner in which the school and parents/guardian will work together to improve school attendance.

### **Student Attendance Policy**

When a student has a legitimate excused absence they may be required to make up all work. If a student has an unexcused absence they may receive a zero for class participation and work for the days missed. For excessive absences (legitimate or otherwise) the student will be subject to the following penalty:

#### **Students in grades K-8**

- Students who are absent more than 20 days in a full year shall be required to attend summer school. (The above number of days will be prorated for less than full year school membership). Failure to satisfactorily complete the summer school program will result in grade level retention.

#### **Students in grades 9 – 12:**

- Students who are absent more than 10 days in a half- year course shall be denied credit toward graduation and assigned a failing grade or a grade of incomplete for all such courses. The number of days will be prorated for less than half-year courses or less than full-year school membership.
- Students who are absent more than 20 days in a full- year course shall be denied credit toward graduation and assigned a failing grade or a grade of incomplete for all such courses. The number of days will be prorated for less than full-year school membership.
- To obtain course credit the student will have to retake the course.

All absences, excused and/or unexcused, will count toward the total number of absences per year except those days where a student is enrolled in a school sponsored activity. Excused and unexcused absences are defined below.

Notice of absences will be sent home on the 8<sup>th</sup>, 16<sup>th</sup>, and 21<sup>st</sup> absence.

### **Excused Absences**

The West Rutland School District Board of Education believes students must be present in order to learn. It recognizes students may be absent from time to time. The Board establishes the following reasons for student absences from school which are recognized as valid, and therefore excused absences:

- Student illness (the administration may request a doctor's certification if deemed necessary).
- A death in the student's family
- Unsafe travel conditions
- Religious observance
- Appointment by the student with a physician or other health care provider
- Medical quarantine of the student
- Required appearance by the student in court
- College visit with prior approval of administration
- Students' participation in cooperative work program
- School related activities
- Other reasons deemed appropriate with prior approval of the administration

### **Unexcused Absences**

A student's absences from school for any reason other than those listed above shall be considered unexcused. A student may be denied the opportunity to receive credit for makeup work when the absence is determined to be unexcused.

### **Appeals Procedure**

When loss of credit is imminent due to excessive absences the student and parent/guardian may request a hearing with an attendance committee comprised of a building administrator, guidance counselor, two (2) of their current teachers, and one (1) teacher who does not currently have the student in class.

This request must be completed within 30 days of an attendance notification.

The hearing procedure will include the following:

- Completion of a request for a hearing stating the recourse sought.
- Meeting with the appointed attendance committee to review the request.

- The attendance committee will make a determination in response to the evidence or testimony presented.
- If the student or parent/guardian is not satisfied with the attendance committee's decision, they may request a formal hearing with the Superintendent of Schools.
- If the student or parent/guardian is not satisfied with the Superintendent's decision, they may request a formal hearing with the School Board.
- The School Board will render the final decision.

## School Vacations

School vacations are planned to give student the opportunity to travel and visit relatives who live great distances away. We encourage you to plan any trips during those times. If you are unable to do so you must prepare a plan for your child's instruction while away. You will be responsible for providing for your child's education needs. *(Teachers are not required to provide work for your child.)* As work is presented in the classroom it can be set aside for your child to complete upon your return. You may need to help your child with any new tasks they missed while away. Your child will be given a reasonable amount of time to complete this work. **Please be aware of the attendance policy concerning excessive absences. Family trips are not excused absences.**

To support all students in the pursuit of their educational success West Rutland School offers a comprehensive system of support. It is RCSU policy to comply with state and federal laws concerning Act 117, Section 504 of the Rehabilitation Act and Special Education. Act 117 requires all schools to maintain a comprehensive system of educational supports and services resulting, to the maximum extents possible, in all students succeeding in the regular classroom. Consistent with the policy out school will ensure a range of effective educational supports and services will be available to all students. This includes special education services to those students who meet the criteria established by the rules and regulations of the State of Vermont. A parent with concerns about thier development should consult with the child's teacher to initiate access to educational supports and services. For more information on related policies please refer to our web page: [www.RCSU.Org/support](http://www.RCSU.Org/support). Or contact the Director of Student Support Services at 802-775-4342

## **Health Services**

Parents/Guardians are responsible for the health and well-being of their children and should use family physicians for regular health care. We do have a nurse (RN) available throughout the school day but parents should consider keeping their children home and contacting the child's physician if they have any of the following symptoms:

- Fever
- Diarrhea
- Earache
- Skin rash
- Enlarged glands
- Inflamed Ear
- Nausea and/or Vomiting
- Discharging Ear
- Itching Scalp

Children who have had a fever, vomiting, or other signs of illness during the night often need a day of recovery before coming to school. Please look closely at your child to evaluate whether they should attend school. The nurse is available for consultation as needed. At school the student's teacher and the school nurse will keep an eye on them for symptoms of illness. Parents will be called if the student needs to be sent home.

## **Medications:**

If your child needs any kind of medication during school hours state law and/or school policy requires the following:

- A physician's order for prescription medications.
- Written permission from the parent/guardian for over-the-counter medication.
- All medications must be brought to school in their original pharmacy containers and appropriately labeled by the pharmacist.
- Over-the-counter medications must in their original containers.
- Medications must be given to the school nurse for dispensing.

### **Medical Services Available**

- Illness assessment including ear and throat examination.
- Vision and hearing testing grades Pre-K, K, 1,3,5,7, 9, 12
- First aid for injury
- Periodic screening for pediculosis (head lice)\*

\*Parents/Guardians must check regularly for head lice. A child may be asked to leave school if lice are discovered by the nurse. Any child sent home with head lice or nits must see the nurse before returning to class.

### **Accidents**

During the school day all accidents must be reported immediately to the nurse. During extra-curricular activities all accidents must be reported to the supervisor, coach, and Athletic Director. An accident report form will be completed by the appropriate person.

### **Optional School Insurance**

Parents can enroll online by the use of a dedicated secure enrollment website or by calling 1-877-44-5014. The website address is <http://markel.sevencorners.com>. It allows parents/guardians to view all of the coverage and premium options, review Frequently Asked Questions, and purchase the insurance. Such policies are optional and are not sponsored by the school system. Students participating in extra-curricular sports activities are required to show proof of medical insurance.

## **Food Service**

### **School Lunch and Breakfast**

Breakfast and lunch is available each day at West Rutland School. Our provider is Fitz Vogt and Associates. There are many options for healthy lunches. Please encourage your children to eat lunch here at school. Items are available from the A La Carte for accounts with a positive balances.

Free meals are available for students if their family qualifies under federal guidelines. (Meals are now offered at no cost to families who qualify for the reduced price with the State contributing the “reduced price” amount). Information regarding these programs will be sent home with students the first day of school and can also be accessed online at [www.RCSU.org](http://www.RCSU.org). All information provided on these forms is kept strictly confidential. Applications can be filed any time during the school year.

### **RCSU: Student and Adult Meal Charge Account Procedure**

The food service program uses a point of sale system to track student account transactions. Parents may view student purchase history and receive low balance notifications free of charge. The system also allows users to deposit money or make payments on account. We are in the process of upgrading online line payment systems. Information on how to access and use online payment will be sent out and posted on your school’s website.

Student accounts must maintain a positive balance. Families have the option to either use the online payment feature of the system to deposit funds to their student’s account, or send a check directly to the cafeteria the first of each week. (The student’s name and/or account number should be noted on the check.) Students will be issued a school food service tracking number. This number will be used to track the student’s account transactions throughout the year. A detailed report may be requested at any time. Snack beverages, additional entrées or other A La Carte purchases may be purchased on accounts in good standing only. If you wish to prohibit or limit A La Carte purchases please call your school cafeteria and speak to the foodservice manager.

The goal of the food service program at school is to provide nutritious, high quality meals to all students and staff at reasonable prices. Some students may qualify for a partial or full subsidy from the USDA or the State of Vermont to offset the cost of their meal. The following guidelines are to be used for students with regard to charging to meal accounts:

1. The maximum charge balance allowed shall be two [2] lunches.
2. Written notification is sent home with the student when the account balance is less than zero.
3. Phone notification is initiated to the parent or guardian, when there is a negative balance equal to or greater than two charged meals.
4. A plan to bring a delinquent account into good standing will be agreed upon. If there is no response from the parent or guardian, the school and parent or guardian is notified that the student is to be refused services.

## **Emergency Lunch Procedure**

All accounts are subject to the Student and Adult Meal Charge Account Procedure. However, students will be allowed two (2) meals on an emergency basis, such as when a lunch or money is lost or forgotten. If an account is delinquent, students may receive up to two (2) emergency lunches consisting of a sandwich and milk. A \$.75 charge will be applied for each emergency lunch. Students will forfeit all meal privileges if a student's account remains in a negative balance. Zero account balance notification letters will be sent home weekly.

### **Breakfast Price**

Student: \$1.50

Adult: \$1.50

### **Lunch Prices**

Student: \$2.65

Adult: \$3.50

## **Lunch**

Lunch will take place in the cafeteria **ONLY** unless students are supervised by a staff member.

## **Snack Time**

Students should bring healthy snacks for their morning break. Some snacks are available in the cafeteria at an additional cost. This is not part of the regular lunch program.

## **Food & Drink**

No food or drink will be allowed outside the cafeteria unless under supervised conditions. This includes gum and candy. Water will be allowed in classrooms and hallways as long as the privilege is not abused by students. Water, milk, and juice are permitted during break time.

## **Library-Media Service**

### **The Library-Media Center**

Students have access to the school library every day. The library is a resource for class work, research and recreational reading. Increased technology, internet access and multimedia equipment have expanded the learning opportunities for our students. Students and parents/guardians are welcome to borrow materials at any time, as long as they have no overdue materials; overdue books can result in loss of privileges.

## **School Property**

Students are responsible for all property loaned to them by the staff. This includes text books, library books and materials, athletic equipment, uniforms and any other school owned property. If a student loses or damages property, the student will be charged the replacement cost. Report cards will be held until property is returned or money received. If neither is returned, in a timely manner, it will be considered theft and the sheriff's office will be contacted.

## **Computer Lab Procedure**

Students will be given an agreement requiring their signature and parent/guardian signature stating they will adhere to the Internet and Other Telecommunication Access policy. Students will not be allowed to use the networked computers without this returned form.

## **Acceptable Use of Electronic Resources and the Internet**

### **Purpose**

The RCSU uses electronic resources including the internet to support and enrich the curriculum, to allow students to benefit from access to electronic information resources and opportunities for collaboration that are uniquely provided by certain electronic technologies, and to enhance staff professional development. This policy is intended to ensure compliance with the requirements of applicable federal and state laws that regulate the provision of access to the internet and other electronic resources by school districts.

The use by students, staff or others of district electronic resources is a privilege, not a right. The district's computer and network resources are the property of the district. Users shall have no expectation of privacy in anything they create, store, send, receive or display on or over the district's computers or network resources, including personal files. The district reserves the right to monitor, track, and log network access and use; monitor fileserver space utilization by district users; or deny access to prevent unauthorized, inappropriate or illegal activity and may revoke access privileges and/or administer appropriate disciplinary action for misuse of its electronic resources. The district shall cooperate to the extent legally required with local, state and federal officials in any investigation concerning or related to the misuse of the district's internet, computers or network.

The district shall work to ensure internet safety for minors by taking steps that include monitoring the online activities of minors and the operation of technology protection measures with respect to any of its computers with internet access that protect against access through such computers to visual depictions that are obscene, child pornography or harmful to minors.

The following materials, in addition to those stated in law and defined in this policy, are inappropriate for access by minors:

The district shall operate technology protection measures during the use of any of its computers with internet access, including those computers not accessible to minors, which protect against access through such computers to material inappropriate for minors, including but not limited to, visual depictions that are obscene or child pornography.

### **User Responsibilities**

During school hours, users may access electronic resources including the internet for school related purposes only. The term “school related purpose” includes use of the system for classroom activities, which may involve email communication, career development, and curriculum driven research. It also includes use of the system for other school activities such as sports, other co-curricular activities and school sponsored fund raising activities.

The district may provide email access for students and staff. Students and staff may use real-time electronic communication, such as chat or instant messaging (only for specifically organized educational activities).

Students will not post personal contact information about themselves or other people and agree to follow communication safety requirements outlined in administrative procedures when using electronic communications including the internet.

All users of district electronic resources are expected to act in a responsible, ethical and legal manner. Specifically, the following uses are prohibited:

- Commercial or for-profit users.
- Product advertisement or political lobbying.

- **Bullying or harassment.**
- **Offensive or inflammatory communication, including hate mail, discriminatory remarks or “sexting”.**

- **Does not violate this policy.**

### **Parental Notification and Responsibility**

**Each school will provide written annual notice to parents/guardians about student use of district electronic resources including the internet, the policies and procedures governing their use, and the limitation of liability of the district. Parents/guardians must sign a document if they choose not to allow their child(ren) to access district electronic resources including the internet and return this agreement to the school before access will be granted. Students 18 years of age or older must sign their own agreement. A signed user agreement will not be required when students are using school computer for research as part of a course requirement and the use is supervised by a responsible adult. To see the full ELECTRONIC RESOURCES & THE INTERNET POLICY please visit [www.RCSU.org](http://www.RCSU.org).**

## **Extra-Curricular Activities**

Copies of the extra-curricular policy are available from the Associate Principal. The Athletic Director and/or coach/advisor will meet with each team/group at the beginning of the season to distribute the policy.

Extra-curricular activities such as athletics, field trips and clubs are an integral part of a school's operating environment. These activities often have an inherent risk of injury to students who choose to participate in them. Because of this risk, parents/guardians should be made aware that children who participate in these activities do so at their own risk. The district does not assume any financial responsibility for student medical or hospital expenses arising out of participation in such activities.

The financial responsibility for securing care for student injuries is a matter between parent(s)/guardian(s) and their health care provider. The multi-line program does not provide any direct coverage for such injuries.

The school district's coverage applies only in the unlikely event it is found to be negligent in its duties associated with a particular extra-curricular activity.

The West Rutland School program may have as many as 12 separate athletic teams playing at one time so scheduling space and time is a complicated process. Varsity athletic teams will be given precedence over practice times and game scheduling as required by the Vermont Principals' Association. All games and practices are held according to the rules and regulations of the Vermont Principals' Association and Marble Valley League. These regulations govern when games must be played, how many are played and the length of season.

Every effort is made to create a schedule of games and practices that allow all participants to benefit from our athletic program and to keep conflicts to the minimum.

## **Field/Class Trips**

Permission slips signed by parents/guardians are required for all field trips. Class trips may be planned throughout the year. (Class trips not tied to the curriculum are a privilege that can be revoked by the teacher with administration approval.) Students can maintain this privilege by being in good academic and behavioral standing, current with all work, and by following attendance/tardy procedures. Good behavioral standing is defined as having received no more than two behavioral referrals with consequences four weeks prior to a given trip and not receiving any suspension four weeks prior to a given trip. Suspensions throughout the school year that are a result of poor choices regarding safety can result in the revoking of trip privileges at the discretion of administration.

## **Chaperones / Volunteers**

In the event teachers need additional chaperones or classroom volunteers, and depending on whether the chaperone/volunteer will supervise students, they will be required to fill out a Volunteer Background Check Release Form and be approved by the Superintendent. ### **Hall Passes**

Students must have a written, dated, time of issue and staff signed pass to be in the hallway during their regularly assigned class periods. Students can expect to be asked for passes. Misuse of a pass will result in loss of the pass privilege and possible disciplinary action.

### **Supplies**

The majority of supplies are provided by the school. Classroom teachers may ask parents to purchase specific items. The cost will be minimal.

### **Student Placement Procedures**

Classroom rosters are created using a roster building process. We engage in this process to develop balanced, heterogenous classrooms. Our classrooms

are balance based on gender, academic performance, behavior, learning and social-emotional needs. Our roster building team consists of classroom teachers, special educators, the family/school coordinator and administration.

### **Parent Request for Placement**

Parents may provide input into their child's placement by submitting a letter to the Principal by May 1. Placement requests will be shared with the roster building team members. All written placement requests must clearly state the educational reasons for making the request. The request must include two placement options. All written requests will be considered; however, there can be no guarantee all requests will be honored. Any requests made after the May 1 deadline, or do not include two placement options and state clearly the reasons for the request, will not be considered. For new summer enrollments, parents may request placement for their child following the Parent Request for Placement Procedure.

If you make a request and it is honored, a request for the subsequent year will not be considered.

Placement decisions with extraordinary circumstances will be reviewed on an individual basis. Administration reserves the right to make the final decision for all roster placements.

### **Student Dress**

Student apparel should be neat, clean, and suitable for school activities. Articles of clothing depicting messages contrary to a proper environment or climate of the school are inappropriate to wear. Inappropriate t-shirts, bare midriffs (no bellybuttons), mesh (see-through) tops, and spaghetti-strap shirts are not permitted. Any apparel that promotes or seems to promote the use of alcohol, tobacco, or illegal substances, or is vulgar or profane are not permitted. Students in grades PK-8 are not permitted to wear hats in school.

### **Hats**

Students in grades 9-12 may be asked to remove their hats:

- In meetings, in offices, and other places/times of respect

## **Public Displays of Affection**

Students show respect for themselves and their peers. Public displays of affection are not appropriate in school. Any conduct more intimate than hand holding will be considered inappropriate behavior in school.

## **Device Policy**

The Rutland Central Supervisory Union strongly believes in the educational value of electronic services and recognizes their potential to support its curriculum and student learning by facilitating resource sharing, innovation, and communication. To provide a learning environment free from distraction use of personal devices during class time is at the discretion of the classroom teacher. If such items are brought to school, the student is responsible for their safekeeping. The school is not liable for such items. Violation of this expectation, or the technology use policy, may result in a range of consequences including confiscation until a parent meeting occurs. All devices must be registered with Rutland Central Supervisory Union.

## **Student Retention**

Retention will be based on multiple assessments, social and emotional needs. Retention will be the decision of the school's educational team in collaboration with parents. Any student considered for retention must have a prior referral to the Educational Support Team.

## **Board Policy, Federal and State Law, RCSU Policy Manual**

RCSU develops and maintains policies followed in all of our schools. Students and parents are encouraged to consult the district's policy manual for a comprehensive listing of all district policies, many of which are not included in this handbook. The Policy manual can be accessed online at [www.RCSU.org](http://www.RCSU.org).

## Grades and Course Information Grades 5-12

### FLEX Block

WRS is looking to support our students in grades 5-12 with a daily Flex Block. The intent of our Flex Block is to provide students with opportunities to access their teachers, and vice versa, for support within the school day. This structure will allow students to have greater access to their teachers who will provide additional support in the development of skills and proficiencies. Our Flex Block is designed based on the individualized needs of our students. As we begin to implement the Learner-Centered Model, Flex Block will provide opportunities for assistance in enrichment and remediation, and offer students the ability to take ownership of their learning.

The Flex Block will be used to support student learning, improve academic achievement, assist with post-secondary school planning, promote student wellness, and develop a greater sense of school community. (Students may be engaged in academic support in small group and/or one-on-one instruction.)

### Honor Roll

High Honors – A student must have a 93 average with no grade below 90 in any subject.

## **Make-Up Work**

A student will be allowed to make up work missed during an EXCUSED ABSENCE and receive credit for the work. It is the student's responsibility upon returning to school to immediately contact their teachers and set up a schedule to complete work missed during the absence. **The amount of time allowed for make-up work to be completed will be equal to the number of days the student was absent from school.** This amount of time will begin on the day the student first returns to school. Failure to meet the deadline for the completion of make-up work may result in the student receiving a zero for all missed assignments.

## **Grades 7 & 8 Information**

All rules in the School Handbook apply, and to clarify or extend:

- Students should use bathrooms and go to lockers between classes or during morning break time, except in cases of extreme emergency.
- Students will not be allowed to carry backpacks into classrooms.
- Students will sign in and out every time they leave class, and students will also obtain a written pass from a staff member for travel off the third floor.
- Students will use stairwells for travel only ~ not as a place to "hang out."
- Students who make a mess in the hallways, stairwells, bathrooms, or classrooms will be expected to clean it up either during break, lunch, elective period, or after school.

If the student fails all 4 core courses they will be retained.

## **Grades 9-12 Information**

### **COURSE SELECTION**

Students work with the Guidance Counselor on selecting appropriate classes for the upcoming school year to ensure the student achieves the necessary credits to stay on track for graduation. It is extremely important to use care in registration and course selections. Once the student and a parent/guardian have signed the course registration, they have contracted to participate in all listed courses and/or listed alternatives. Much attention, and effort, is given to student registration and to creating a master schedule that provides the greatest number of students with the best schedule possible. West Rutland School reserves the right to make changes to course offerings based on student enrollment. All students, unless otherwise advised or directed, are required to take at least five (5) courses each semester. Students taking less than 5 courses will be considered part-time students and will not be eligible for class rank, extracurricular activities, etc.

When schedules are constructed and distributed to students prior to the opening of school, changes are restricted to the following categories:

- The student has no schedule or an incomplete schedule.
- The course is needed for promotion, graduation, or post-high school plans.
- The student has already passed and received credit for the course.

If a schedule change meets one or more of the above categories, students will have the first five (5) days of the school year to ADD or DROP a course. This can be done by completing a blue form found in the guidance office. Courses dropped after the first five days of school will carry either a withdrawn pass (WP) or a withdrawn fail (WF) notation. A WF impacts negatively on a student's GPA in the same manner as a failing grade.

Adding or dropping a course is a serious decision, which requires a meeting with a counselor; as well as parent, teacher and administration approval.

## **CLASS PLACEMENT**

Minimum required credits for grade placement are:

6 credits	Sophomore Standing
12 credits	Junior Standing
18 credits	Senior Standing

## **Alternative Educational Options**

- On-Line Courses
- Independent Study (with administration approval)
- Alternative Educational Opportunities
- Dual Enrollment options
- Early College program
- Internships (For HS credit)/Work Study: Paid (a student cannot be paid and get credit for the same experience).

## **Flexible Pathways**

Flexible Pathways is an active component to Act 77. It is defined as “any combination of high-quality academic and experiential components leading to secondary school completion and postsecondary readiness, which may include assessments that allow the student to apply his or her knowledge and skills to tasks that are of interest to that student.” This does not refer to a finite menu of pre-selected pathways from which a student must choose. Rather, it implies that there may be as many unique pathways as there are students. Such flexibility in students' experiences will require that school personnel, students, and parents

are familiar with school-based course offerings, virtual learning opportunities, community work-based learning opportunities, and dual enrollment options.

### **Vermont Virtual Learning Cooperative**

The Vermont Virtual Learning Cooperative (VTVLC) coordinates the efforts of Vermont public schools to offer online classes using an online Learning Management System (LMS). Our membership enables us to offer courses to students that we would otherwise not be able to offer, including an SAT prep course and additional Advanced Placement level courses (Please visit <http://www.vtvlc.org> for a complete list of course offerings).

Every VTVLC course is created to meet national standards of instruction and is taught by a highly qualified, Vermont State certified educator. Educators and students interact regularly through email, voice mail, telephone conversations, and a variety of Web 2.0 tools. Students are encouraged to contact the instructor with any questions as they arise. Instructors will communicate via telephone with students and their parents at least once every month while the student is enrolled.

Participation in VTVLC courses requires students to be self-disciplined and responsible enough to work independently. It is the student's responsibility to log on, complete and submit all work, and communicate with the course instructor. Students may not choose to take a VTVLC course if the same course is offered and/or fits in their schedule at West Rutland School. Please contact the Guidance Office for more information.

### **Dual Enrollment**

Designed for high school students who are academically prepared to enroll in college-level courses and could benefit from that experience, dual enrollment programs enable high school students to earn college credit while still in high school, reducing the time it takes to get a college degree and reducing the costs associated with college. The Vermont Dual Enrollment Program allows students to take up to two college courses at any of the five Vermont State Colleges tuition free—Castleton State College, Community College of Vermont, Johnson State College, Lyndon State College, and Vermont Technical College. Students can use up to two dual enrollment vouchers during their junior and senior years of high school. Please contact the Guidance Office for more information.

### **Early College Program**

Students may choose to enroll in an 'early college' program at one of Vermont's State Colleges, enabling them to receive high school credit for their senior year

while completing their first year of college tuition free. Please contact the Guidance Office for more information.

### **School Choice**

By March 1st, high school students may apply to attend any other Vermont public high school. Each Vermont public high school sets a limit on both the number of students who may leave to attend other schools and the number of students it will allow in from other schools. Please contact the Guidance Office for more information.

### **Independent Study**

If a parent and a student request consideration for independent study, the school will consider this request. Request must go through Guidance with approval from administration. Referrals can be made by teachers, parents, or 18-year old students.

### **Stafford Technical Center**

The Stafford Technical Center offers a variety of courses for juniors and seniors. Students **MUST** ride the bus to and from the Center unless granted written permission from both Stafford and West Rutland administration.

Please be advised that West Rutland School will provide Stafford Technical Center the names and addresses of students so they may be contacted and notified of technical center offerings.

### **High School Completion Program**

High School Completion Program allows a person not enrolled in school between the ages of 16 and 22 the option of completing their high school diploma through an individualized graduation plan. School districts shall award a high school diploma to persons who successfully complete their approved graduation education plans.

### **Graduation Requirements**

All students in grades 9-12 must successfully complete 24 credits in order to graduate. As part of these 24 credits, all students must successfully complete:

4.0 credits of English	1.5 credits of Physical Education
3.0 credits of Math	.5 credit of Health
3.0 credits of Science	1.0 credit of Business
1.0 additional credit of Math or Science	1.0 credit of Arts
3.0 credits of History (including 1.0 U.S. History)	6.0 Electives

## **Grade Point Averages / Class Ranks**

Grade point cumulative averages are calculated at the end of each school year for students in grades 9 through 12. During senior year, GPA is recalculated after the completion of the 2<sup>nd</sup> marking period for the purpose of selecting Valedictorian and Salutatorian and for determining class rank. All graded courses are included in the averaging of GPA. Non-graded or pass/fail courses are not included in calculating GPA.

## **Valedictorian and Salutatorian Selection**

Valedictorian and Salutatorian are selected at the end of the 2<sup>nd</sup> marking period senior year. Criteria for the selection of Valedictorian and Salutatorian is awarded to the top two senior students with the highest GPAs (grade point averages).

A student must have matriculated in West Rutland School a minimum of four (4) consecutive semesters to be considered for the above mentioned recognition.

## **Graduation / Class Night Ceremony**

Graduation and Class Night are considered to be the most formal social occasions held at West Rutland School. Dress and student conduct during these occasions have been established through long standing traditions and are strictly enforced. Students may be denied participation for not following the established dress and/or conduct for graduation or class night. Students may also be denied participation in Graduation or Class Night for other disciplinary reasons. Copies of the conduct and dress code may be obtained from the administration.

## **Military Recruitment**

It is a federal requirement each public high school provide the military recruiters with student contact information. If you wish to opt out of this requirement, please make sure to note it on the annual registration form for your son/daughter.

## **National Honor Society**

The National Honor Society of Secondary Schools recognizes students who achieve and maintain high levels of scholarship, leadership, character and service. At West Rutland High School, the Robert F. Zimmerman Chapter of the National Honor Society is affiliated with, and is committed to, the goals of the National Honor Society. Thus, the Zimmerman Chapter follows national rules and guidelines with respect to NHS membership as outlined below:

**Selection** - In April of each year, the class ranks of all juniors, sophomores, and seniors are reviewed by the NHS adviser. Those sophomores with a cumulative average of 90 or above and those juniors and seniors with a cumulative average

of 88 or higher who are not already members of NHS are invited to submit an individual Student Activity Information Form. The form and supporting essay must be hand-delivered to the NHS adviser by a specified date and time. No late submissions are accepted. In addition, in order to be considered for membership, a student must have completed at least one full year of study at WRHS.

The Student Activity Information Form should include detailed information covering a student's co-curricular activities and leadership positions as well as evidence of at least 20 hours of volunteer work in community service projects done outside of school hours. The volunteer work must be in addition to any such service required as part of an academic course.

Student forms must include the signatures of adult supervisors or event organizers as verification of the number of hours of student participation. Since it is sometimes difficult to locate a supervisor or event organizer from a previous year, students are encouraged to ask for written verification of their participation in activities and events as they complete them. They may submit photocopies of these certificates, etc., along with their Student Activity Information Form in lieu of obtaining the signatures.

The final section of the form is an essay on why each candidate believes he or she is qualified for NHS membership based on his/her scholarship, leadership, character, and service. The submission of the essay and required information in no way implies automatic acceptance into the NHS. In short, selection to NHS is a privilege, not a right. Students do not apply for membership in the National Honor Society; instead, they provide information to be used by the local selection committee to support their candidacy for membership.

The local selection committee known as the Faculty Council consists of five members chosen by the Principal, with the NHS adviser acting ex-officio, as a non-voting sixth member. The Faculty Council first polls the entire high school faculty concerning their assessment of a student's scholarship, leadership, character, and service. The Council next reviews the Student Activity Information Form of each candidate with respect to the criteria for selection. Finally, the Faculty Council votes. Selection of each member to the chapter is by a majority vote of the Faculty Council.

Students elected to the National Honor Society are expected to maintain the highest standards of scholarship, leadership, character, and service throughout high school. If a member does not do so, the student faces probation or loss of NHS membership.

**Induction - Candidates are notified of the decision of the Faculty Council. An induction ceremony is held in April or May of each year. In accepting membership, students understand that they will be expected to continue to achieve the high levels of scholarship, leadership, character, and service for which they were elected.**

### **Membership and its Obligations**

**To be eligible for induction, students must have completed at least one semester at West Rutland High School. All members must maintain the GPA at which they were inducted or higher. They must continue to be involved in service activities, and to evidence good character and leadership. In addition, members must attend NHS meetings and participate in NHS fund raisers and service projects. A National Honor Society member who transfers to WRHS from another high school must bring a letter confirming his or her NHS membership from the former principal or chapter adviser. Once this letter is submitted to the WRHS adviser of NHS, the student shall be accepted automatically as a member of the Robert F. Zimmerman Chapter. Transfer members must meet the Zimmerman Chapter's standards within one semester in order to retain membership.**

### **Dismissal From NHS**

- **Members who fall below the standards which were the basis for their selection are promptly warned in writing by the chapter adviser and given a reasonable amount of time to correct the deficiency. In the case of flagrant violation of school rules or civil laws, however, a member does not necessarily need to be warned.**
- **The Faculty Council determines when an individual has exceeded a reasonable number of warnings.**
- **In all cases of impending dismissal, a member has a right to a hearing before the Faculty Council.**
- **For purposes of dismissal, a majority vote of the Faculty Council is required.**
- **A member who has been dismissed may appeal the decision of the Faculty Council under the same rules for disciplinary appeals in the school district.**
- **Members may be placed on probation by the administration or the Faculty Council.**
- **The National Council and the NASSP hears no appeals in dismissal cases.**
- **Members who resign or are dismissed are never again eligible for membership or its benefits.**

If a student is asked to leave class because of disrespectful or disruptive behavior in class/study hall, he/she will be required to serve a 30-minute detention with that teacher either on that day or the following day. If the student fails to serve detention, the student will be required to serve an administrative detention for double the time. Students who do not show for administrative detention and have not made prior arrangements with the person assigning detention will automatically serve in-school suspension the following school day.

### **In School Suspensions**

Internal suspensions are for significant behaviors classified as serious infractions. Internal suspensions are also utilized when students fail to serve administrative detentions in the time allotted. Students are expected to complete their schoolwork and be on task during their suspension time. Internal suspensions do not count as an absence.

### **External Suspensions**

Students may be suspended for infractions that are serious in nature. External suspension refers to the temporary removal of the student from the school program. External suspensions are counted as an absence. Schoolwork is to be completed. Students have the same number of days as the suspension time to make up missed work. (Example: 2 days suspended, 2 days after the suspension to make up the work) It is the student's responsibility to check with each teacher on work missed. In the case of any external suspension, the student will only be readmitted to school after a reinstatement meeting with an administrator, the legal guardian and the student.

## **Alternative Learning Placement**

At times it is recognized a student is not able to be in a classroom setting for various reasons. When this is the case, the student may be required to serve a period of time in an alternative learning setting within the school, or out of school. While in this setting, the student will be required to complete the curriculum and instruction. If decided that a longer period of time is necessary, then the student's day and classes may be adjusted. It may have been decided that a student is not able to participate within the school building during regular operating times, they may be involved in a tutorial at a West Rutland municipal facility or utilize the school building after hours. The administrative team would manage the situation.

## **Accredited Alternative Education Programs**

The educational support team refers students to accredited programs within the district based on student need. Programs tend to be more hands-on; community based, and involves student interests and areas of strength.

Such action may include a wide range of responses from education to serious discipline.

Serious discipline may include termination for employees and, for students, expulsion or removal from school property. It may also involve penalties or sanctions for both organizations and individuals who engage in hazing. Revocation or suspension of an organization's permission to operate or exist within the District's purview may also be considered if that organization knowingly permits, authorizes or condones hazing.

### **III. Constitutionally Protected Speech**

It is the intent of the District to apply and enforce this policy in a manner that is consistent with student rights to free expression under the First Amendment of the U.S. Constitution. The purpose of this policy is to (1) prohibit conduct or communication that is directed at a person's protected characteristics as defined below and that has the purpose or effect of substantially disrupting the educational learning process and/or access to educational resources or creates a hostile learning environment; (2) prohibit conduct intended to ridicule, humiliate or intimidate students in a manner as defined under this policy.

    - 3. intends to attend an educational institution during any of its regular sessions after an official academic break.**
- i. “Notice” means a written complaint or oral information that hazing, harassment or bullying may have occurred which has been provided to a designated employee from another employee, the student allegedly subjected to the hazing, harassment or bullying, another student, a parent or guardian, or any other individual who has reasonable cause to believe the alleged conduct may have occurred. If the school learns of possible hazing, harassment or bullying through other means, for example, if information about hazing, harassment or bullying is received from a third party (such as from a witness to an incident or an anonymous letter or telephone call), different factors will affect the school’s response. These factors include the source and nature of the information; the seriousness of the alleged incident; the specificity of the information; the objectivity and credibility of the source of the report; whether any individuals can be identified who were subjected to the alleged harassment; and whether those individuals want to pursue the matter. In addition, for purposes of violations of federal anti-discrimination laws, notice may occur when an**

employee of the district, including any individual who a student could reasonably believe has this authority or responsibility, knows or in the exercise of reasonable care should have known about potential unlawful harassment or bullying.

- j. **“Organization”** means a fraternity, sorority, athletic team, association, corporation, order, society, corps, cooperative, club, or other similar group, whose members primarily are students at an educational institution, and which is affiliated with the educational institution.
- k. **“Pledging”** means any action or activity related to becoming a member of an organization.
- l. **“Retaliation”** is any adverse action by any person against a person who has filed a complaint of harassment, hazing or bullying or against a person who assists or participates in an investigation, proceeding or hearing related to the harassment complaint. Such adverse action may include conduct by a school employee directed at a student in the form of intimidation or reprisal such as diminishment of grades, suspension, expulsion, change in educational conditions, loss of privileges or benefits, or other unwarranted disciplinary action. Retaliation may also include conduct by a student directed at another student in the form of further harassment, intimidation, and reprisal.
- m. **“School administrator”** means a superintendent, principal or his/her designee assistant principal/technical center director or his/her designee and/or the District’s Equity Coordinator.
- n. **“Student Conduct Form”** is a form used by students, staff, or parents, to provide, in written form, information about inappropriate student behaviors that may constitute hazing, harassment and/or bullying.

## **Off – Campus Misconduct**

Students may be disciplined for misconduct that occurs away from school when a sufficient connection between the misconduct and the legitimate interests of the school can be shown. School authorities may discipline a student for misconduct that does not occur on school property, on a school bus, or at a school sponsored activity where direct harm to the welfare of the school can be demonstrated. For the purpose of this plan, such misconduct will be referred to as “Off-Campus Misconduct.” When discipline for off-campus misconduct is necessary to protect the safety and well-being of other students, teachers or school property or the students own physical or emotional safety, or when the misconduct has a direct and immediate tendency to subvert the authority of the school by encouraging disorder or insubordination, discipline up to and including suspension or expulsion or an alternative learning placement for the remainder of the school year or up to 90 school days whichever is longer may be imposed.

Examples of off-campus conduct that impacts on the school and may result in disciplinary action include but are not limited to:

- possession, consumption or sale of illegal substances;
- harassment;
- hazing;
- cyber-bullying;
- criminal conduct; and
- violations of rules governing eligibility to participate in school sponsored activities.

When suspensions or expulsions are imposed for off-campus misconduct, the same procedural safeguards will be afforded students as are afforded students subjected to suspensions or expulsions for misconduct at school or school sponsored activities.

After consultation with administration, a faculty activity sponsor or coach may make rules, such as training rules, governing eligibility to participate in an activity. Students may be required to show that they have discussed the eligibility rules with their parents/guardians prior to participating in an activity. For example signing a form indicating that they are aware of the rules governing participation in the activity.

Participants in school sponsored activities, members of athletic teams or clubs and students planning to attend field trips may be barred or suspended from those activities or otherwise disciplined by school authorities for off-campus misconduct that violates the rules governing participation in those activities. Recurrent behaviors will result in an increase in school consequences. See Disciplinary Code listing.

### **Three Level Discipline System**

The three level discipline system recognizes that consistent adult responses to low-level challenging behaviors produces a positive school climate in which more serious infractions will be minimized.

Built on the prerequisite adult skills and system supports, the three level system is an explicit protocol to be used by adults when reacting to student misconduct. A range of student behavior is followed by appropriate adult responses with discretion based on the type of behavior. The three level system assigns responsibility for handling different levels of student behavior to specific adults.

School staff will respond to minor misconduct in settings in which they have supervisory responsibility such as classrooms, study halls or lunchrooms by following protocol within the system. Minor misconduct should not be referred to administration, unless efforts by the teacher to redirect the student result in non-compliance. Any serious infraction is immediately referred to administration followed by immediate behavior referral form.

Administration will inform teachers and other responsible adults of their responsibilities under the school discipline program. When staff is initially employed, they will receive copies of the staff and student handbooks and will be instructed by the Principal/Assoc. Principal on the protocols to follow when

encountering student misconduct. Prior to the start of each school year time will be devoted to the disciplinary responsibilities of adults.

The student handbook will include a complete statement of the discipline policies of the school. Each student will be given a handbook at the beginning of the school year, or if a student enrolls during the school year, upon enrollment. Students will be asked to take the handbook home and to review it with their parents. Parents will be asked to return signed statements to the school indicating that they have reviewed the discipline section with their children. The school's discipline plan will be available at the school office during normal business hours for review by any interested community member.

The school will provide information to all students on methods of conflict resolution, such as mediation and anger management. The administrative team will coordinate instructional and non-instructional activities of the school to ensure that where the curriculum does not address issues of student conduct, co-curricular and extra-curricular programs will prepare students to resolve conflict.

Not every incident of misconduct warrants parental contact, it is advised that teachers utilize the phones within their rooms to inform parents of student behavior, when deemed necessary. All referrals to the administration will result in parent contact by the utilization of behavior referral forms that will be mailed home in a timely manner. When a student is subject to short-term suspension out of school and it is necessary to send the student home before the end of the school day, the parent/parents will be contacted by telephone to pick that student up.
